Academic Assignment

Groningen University (Netherlands)

Selection Day Tests

Top Chinese Medical Schools including:

- Shantou University Medical College
- Capital Medical University
- Xiamen University
- Jiangsu University
- Fudan University

Internal Examinations

THINGS TO CONSIDER

These are the things you should keep in mind when choosing to study Medicine abroad.

1

Is the whole degree in English? Some universities, like those in the Netherlands, only offer the course in English for the first 3 years.

2

Is the degree widely recognised? You must be certain that you can practice medicine in a country you deem to work in, before applying to the course.

3

What about the finances? Medicine is a costly degree. Make sure to assess the prices and ways to fund your degree if you cannot self-fund it. Having a Scholarships, grants, student loans or competitions are worth researching.

OUR TOP PICKS - COUNTRY EDITION

As much as there is variety of options, our three top picks encompass globally recognised universities with full English-taught degrees and high level of satisfaction.

1

UK

Whilst expensive (≈ £20-50k p/y for internationals), the UK is a powerhouse with many med schools topping rankings such as Oxbridge, University of Glasgow and University of Edinburgh.

2

Ireland

Great value for money, particularly for EU nationals, with high satisfaction levels and respectable med schools such as Trinity College Dublin and University College Dublin.

3

Italy

The International Medical Doctor Program at Saint Raffaele University is an innovative course focused on hands-on experience with interesting subjects such as surgery being offered as early as the second year.

OUR TOP PICKS - UNIVERSITY EDITION

Whilst having countries being suggested is great, you may want some specific recommendations. **Please note** that this reflects only our opinion. It should not replace the need for research based on your own preferences.

1

University of Edinburgh

A globally acclaimed med school consistently placed amongst the best in the UK. It is located in beautiful Edinburgh, known for its vitality and sociability whilst offering an innovative curriculum to prepare you for contemporary medicine practice

2

Trinity College Dublin

Placed #1 in Ireland and #89 in the whole world, TCD is a prestigious med school. It has a strong international focus and research-centric teaching. Located in the capital of Ireland, it offers EU students astronomical value for money when comparing its employability and reputation with its fees.

3

Saint Raffaele University

Being mentioned multiple times in this Guide, this recommendation comes with no surprise. Located in Milan, it offers a cutting-edge medical degree fully in English. It's focus on learning through practice gives student a unique experience to acquire skills as they learn and explore their interests from the very beginning.

NO.1 TIP

Start preparing, revising, gathering documents, applying and studying for aptitude exams as early as possible. One of the biggest mistakes in medicine applications is undermining how much time it requires.

INTERVIEW WARNING

Medicine interviews are known to be extremely difficult. Make sure to be well-prepared for a stressful session.

Moreover, however cliché it sounds, always try to bring a personal story and stand-out. Competition is huge.

OTHER REQUIREMENTS

Applying to medicine is demanding. You should check all requirements from specific universities.

However, the most common documents include **high-school diploma attestation**, **English proficiency exam** taken within the last two years and **proof specific subjects** - usually chemistry or biology.

DEADLINE TIMELINE

We have mapped out some of the most important deadlines to keep in mind for many of the universities mentioned in this Guide. **Please note** these dates are **indicative only** and **more steps may be required** to complete the application procedure.
